

GUIDE

aka Director

Set the scene, then go quiet.

YOUR JOB

- Welcome your Fresh Eyes tester.
- Words only: who they are, where they are, what they are doing.
- Keep all artifacts hidden while you set the scene.
- Reveal the prototype. Then silence.

Keep ready: "There are no wrong answers. If you're stuck, that's on us, not you."

DO NOT

- × Defend (pitch)
- × Direct
- × Design
- × Research

SCRIBE

aka Note Taker

Capture every signal.

YOUR JOB

- Paper and pen ready before the test starts.
- Watch the face: surprise, confusion, delight.
- Write quotes down word for word.
- Note where they get stuck. Stuck is data.

DO NOT

- × Help
- × Explain
- × Interrupt

FRESH EYES

aka Deep Diver

Walk in fresh. React out loud.

YOUR JOB

- Leave your group. Join one you haven't visited.
- Become the person the Guide describes.
- Verbalize everything: stuck, excited, confused.
- Act naturally. Don't be nice. Be honest.

DO NOT

- × Pretend to understand
- × Stay polite and silent
